# A Flower City SPECIALTY

## French Hybrid LILACS

### THE EXPERTS SELECT THE BEST 12 FROM HIGHLAND PARK

**EDITH CAVELL.** A very fine double white, the highest rated of the color.

**EMILE GENTIL.** Double; very blue; late.

**KATHERINE HAVEMEYER.** Flowers large, double, lilac, in large, compact clusters. A splendid variety.

**LUCIE BALTET.** Single flowers almost flesh-pink or coral-pink.

**MACROSTACHYA.** Very fine light pink single; immense panicles.

**MONGE.** Single; mauve-red. Clusters huge, well filled.

**MRS. W. E. MARSHALL.** Long, well filled spikes of single, deep purplish red flowers that retain their rich coloring unusually well. A charming garden aristocrat.

**PAUL HARIOT.** Fragrant, double, purple with silvery reflex.

**PAUL THIRION.** Double. Buds claret-red. Blossoms carmine. When partially open, trusses resemble clusters of tiny rosebuds.

**PRESIDENT LINCOLN.** Flowers single. Wedgwood-blue in color, the nearest to a true blue.

**VESTALE.** Enormous clusters, of large, pure white, single flowers with conspicuous yellow anthers. Handsomest of the single whites.

**VICTOR LEMOINE.** Florets very double. Panicles the largest, lilac in color, the general effect is a soft rosy pink overlaid with a delicate blue-lavender.

PRICE: 1½ to 2 ft., \$1.75 each; 3 for \$5.00. 2 to 3 ft., \$2.50 each; 3 for \$6.75.

## Hardy Vines of Exquisite Beauty

- 3  
Purpose  
Bittersweet
- 1 Vine
  - 2 Hedge
  - 3 Shrub

### The Great All-Purpose EVERGREEN BITTERSWEET America's Most Versatile Plant

The universal evergreen plant. Ornamental 365 days in the year.

Always green leathery foliage; pretty orange and cream decorative berries.

3 in 1  
SHRUB  
VINE  
HEDGE

### THE COLORFUL GOLDFLAME HONEYSUCKLE

*Lonicera heckrottii* "Goldflame". 15 feet. (TR.) Bright flame-pink and creamy gold two-toned flowers make this the loveliest new vine ever offered. 2-yr. plants, 85c each; 3 for \$2.40.

# ORDER

By Mail for Quick, Sure  
and Friendly Service

## TERMS OF SALE

Buy by Mail for Convenient and Economical Service

Please use our convenient order form and postage paid envelope accompanying this catalog.

Our terms are Net Cash With Order. Prices are F.O.B. our shipping point unless otherwise noted.

Shipping charges are paid by the purchaser. However, you may, if you wish, add 10% to amount of your order and we will prepay shipping charges.

C.O.D. orders will be shipped provided one-fourth the amount accompanies the order.

REFERENCE. The Genesee Valley Trust Co., Rochester 4, New York.

## FLOWER CITY GUARANTEE

We guarantee delivery to customers of all nursery stock in first-class condition and fully up to grade and specifications. Should the stock arrive in a damaged or not first-class condition, notify the carrier and ourselves immediately. A satisfactory adjustment or refund will be made promptly.

Although every precaution is taken to avoid errors, should any stock prove untrue to name we will replace such stock or refund purchase price.

Our nursery stock will grow if properly handled and planted, but should any fail to grow, we will replace at half price the following season, if advised prior to August first. We send a Planting Guide with every order.

**ORDER NOW—Orders will be shipped at proper planting time for your section.**

## VINES for Trellises, Arbors, Stone Walls and Fences

For trellises, arbors, stone walls, lattice fences, and other supports, the following plants are variously useful, each in its own way. It is noteworthy also that many of these plants might also be called rambling plants, as, if not afforded support, they will ramble about all over the ground, making them useful as well for covering banks, and clothing unsightly locations, where this type of plant might be more desirable for use than the more upright shrubs. Climbing Roses are listed in a later section. Plants marked (T) are twining plants that will require a trellis, arbor, or similar support around which they can climb. Plants marked (R) are suitable for use as ramblers to cover walls or unsightly ground areas. Plants marked (C) are climbing plants that will of their own accord climb up stone, brick or masonry walls.

**BOSTON IVY.** (C.) Glossy foliage, turning to a brilliant orange-scarlet in the fall; wonderful for chimneys, stone or brick walls. Price: 2-yr. plants, 85c each; 3 for \$2.40.

**BIGNONIA radicans** (Trumpet Vine). 50 feet. (T.) High growing, bush like vine with interestingly cut foliage and quantities of scarlet, trumpet-shaped flowers. 2-yr. plants, 75c each; 3 for \$2.10.

**BITTERSWEET.** See *Celastrus*.

**CELASTRUS orbiculatus** (Oriental Bittersweet). (TR.) Somewhat more vigorous than American Bittersweet. 2-yr. plants, 85c each; 3 for \$2.40.

**CELASTRUS scandens** (American Bittersweet). 20 feet. (TR.) Well known vine with green foliage, yellow flowers in June, and crimson berries in fall. Berries much used for winter bouquets. 2-yr. plants, 85c each; 3 for \$2.40.

**CLEMATIS, Large Flowered Hybrids.** 10 feet. (T.)

**Duchess of Edinburg.** Large, white, double blooms.

**Henryi.** Creamy white, large blooms.

**Mme. Edouard Andre.** Dark crimson.

**Jackmani.** Purple.

**Ramona.** Light blue.

2-yr. plants, \$1.25 each; 3 for \$3.50.

**CLEMATIS paniculata** (Sweet Autumn Clematis). 20 feet. (T.) Vigorous "twiner". Small, white, very fragrant flowers in great abundance in September. 2-yr. plants, 85c each; 3 for \$2.40.

**DUCTMAN'S PIPE VINE.** *Aristolochia siphocampylus*. (T.) Large leaved, luxuriant vine to 20 feet. Much used for screening porches and arbors, where its large foliage produces privacy. Named for its brown, pipe-shaped flowers. 2-yr. plants, \$1.35 each; 3 for \$3.75.

**EUONYMUS radicans colorata** (Bronze Winter Creeper). (R.) Shrubby evergreen vine, and has attractive color change in fall to bronze tints. Most useful as ground cover among evergreen trees with pleasing color contrast results in fall. 2-yr. plants, \$1.00 each; 3 for \$2.75.

**HEDERA helix baltica** (Baltic English Ivy). (R.) Evergreen climbing vine suitable for training on walls or chimneys, or planted among evergreen trees it will spread around and make a most attractive covering for the ground. 75c each; 3 for \$2.10.

**HONEYSUCKLE, Hall's.** 20 feet. *Lonicera japonica halliana*. (TR.) Almost evergreen foliage. Robust grower. Used as a ground cover. Sweet-scented, yellow-white flowers are produced abundantly in summer and followed by a second crop in September. 2-yr. plants, 50c each; 3 for \$1.35.

**IVY** (American or Virginia Creeper). 20 feet. *Ampelopsis quinquefolia*. (TRC.) Rapid growth, deep-cut foliage, bright fall foliage color. Useful where vigorous, unrestrained growth is desired. 2-yr. plants, 50c each; 3 for \$1.35.

**MATRIMONY VINE, Chinese.** 12 feet. *Lycium chinense*. (TR.) A strong growing bush-like vine mostly useful for covering rough banks, although it will also twine up supports. Purple summer flowers followed by red fruit. 2-yr. plants, 60c each; 3 for \$1.65.

**SILVER LACE VINE.** *Polygonum auberti*. (TR.) A fast growing vine; delicate foliage and quantities of silver-white flowers for midsummer enjoyment. Price: 2-yr. plants, \$1.00 each; 3 for \$2.75.

**WISTERIA, CHINESE PURPLE.** (TR.) A graceful vine with myriads of pendulous blossom clusters. Price: 2-yr., grafted plants, \$1.35 each; 3 for \$3.75.

Wisteria

# Flower City Shrubs

## The Ultimate in Fine Quality Flowering, Berried and Foliage Shrubs

Always recommended for house foundation planting at a minimum of cost. Send us an outline of your land area to be planted, we will gladly select the best varieties to use. Number following variety denotes ultimate height at maturity.

### CORALBERRY—Indian Currant

4 feet. A good plant for poor soil in either sun or shade. Excellent for covering banks. Small pink and white flowers followed by clusters of red fruit that persists into winter. 2 to 3 ft., 85c each; 3 for \$2.40.

### DEUTZIA

(*Gracilis*.) Slender Deutzia. 2 feet. Flowers in early spring. Good dwarf plant for front of border. 12 to 15 inches. 85c each; 3 for \$2.40.

### DOGWOOD

(*Cornus alba sibirica*.) Coral Dogwood. 8 feet. Bright coral-red branches, white flowers and bluish white berries make this a shrub of year-around interest. Prefers moist soil. 2 to 3 ft., 75c each; 3 for \$2.10.

### EUONYMUS—Evergreen Bittersweet

(*Radicans vegetus*.) Evergreen Bittersweet or Big Leaf Wintercreeper. This evergreen foliage plant is a vine or it can be trimmed to hedge or bush form. An excellent filler among evergreens in any planting. 95c each; 3 for \$2.70; 10 for \$8.50. See page 2.

### LONICERA—Honeysuckle (Bush Form)

Pink, Red or White. A fast growing background shrub. *Tatarian*. 10 feet. Good neutral gray-green foliage. Produces masses of shell-pink, red or white flowers followed by scarlet berries. 2 to 3 ft., 85c each; 3 for \$2.40. Specify color desired.

### NANKING CHERRY

(*Prunus tomentosa*.) 5 feet. A fine shrub with attractive, clean looking foliage. The stems are covered with a profusion of Cherrylike bloom before the leaves appear in early spring. The fruit, an attractive bright red Cherry, is similar to sour red Cherry in flavor. Good for pies and jam. A good plant for filling the corner between house and porch. 2 to 3 ft., \$1.25 each; 3 for \$3.50.

### PHILADELPHUS—Mock Orange

Sweet-Scented Syringa. 10 feet. A favorite of Grandmother's time; it is as popular today. Masses of single, pure white orange-blossom-like flowers make a beautiful display in the garden and its pungent fragrance can be enjoyed by the neighborhood. 2 to 3 ft., 85c each; 3 for \$2.40.

Golden. 5 feet. A golden leaved variety of compact, dwarf habit. Ideal for bright color accent in the border. 12 to 15 in., 95c each; 3 for \$2.70.

### SNOWBERRY

Snowberry. 6 feet. This is the plant that produces the clusters of white berries, we would "pop" when on our way home from school. Will grow in sun or shade and thrives on poor dry soil. 2 to 3 ft., 85c each; 3 for \$2.40.

### SPIREA

Billiardi. 5 feet. Upright plant with deep rose colored flower panicles in July and August. 2 to 3 ft., 85c each; 3 for \$2.40.

Prunifolia. 8 feet. Here is the old-fashioned, true Bridalwreath. The double, pure white flowers (like miniature Roses) are borne in great profusion along the stem. In fall the leaves turn to shades of copper and gold. A beautiful exhibition when grown as a specimen plant. 90c each; 3 for \$2.55.

Van Houtte. 8 feet. This is the common Spirea—sometimes falsely called Bridalwreath. Makes a fine large shrub when given ample room to grow. 2 to 3 ft., 60c each; 3 for \$1.65.

### VITEX—Chaste Tree

4 feet. Palmate foliage of rich green makes this an ideal plant near modern houses. The flower spike is similar to Lilac in form, of a pleasing shade of light blue and blooms from August until late fall. This plant like Butterfly and Hydrangea Hills-of-Snow should be severely cut back each spring. 18 to 24 in., 95c each; 3 for \$2.70.

### WEIGELA

Eva Rathke. 5 feet. Blood-red tubular flowers make this a welcome accent to the shrub border. 18 to 24 in., 95c each; 3 for \$2.70.

Rosea. 8 feet. Attractive shell-pink flowers borne in great profusion give this plant a spectacular mantle not soon forgotten. 2 to 3 ft., 85c each; 3 for \$2.40.

# LIVING FENCES-BY THE MILE

You'll Find the  
Multiflora Rose a Natural for Conservation, Farming  
Stock-Proof, Hardy and Surprisingly Well Behaved

## The Wild Rose—A Living Farm Fence

### Rosa Multiflora Japonica—Thorny Type

This Asiatic, commonly called Multiflora Rose, has in the past decade proven very efficient in control of soil and wind erosion, for livestock fencing and for natural cover for both game and song birds.

Multiflora makes one of the least expensive types of fence. 1000 plants set 1 foot apart will make 1000 feet of solid fence in three or four years. At a cost of \$50.00 per thousand these plants make it possible to permanently enclose a field at the exceedingly low figure of 5 cents per running foot. Most wire fencing and posts will cost at least twice this amount for materials and even the cost of planting 1000 feet is less than setting posts and stretching fence. Spacing even as wide as four feet has been found perfectly satisfactory if time is not a factor. Two men can easily plant 1000 Multiflora in less than a half a day.

Ideal hedge, screen material, and snow fence for country estates, cemeteries, and golf clubs, but not recommended for small suburban properties. Ultimate height and width 8 to 12 feet.

Offered in two grades or sizes, both equally satisfactory but you can gain a year by planting the Extra Heavy DeLuxe Grade.

	Farm Fence Grade, 10 to 15 In.	DeLuxe Grade, 2 to 3 Ft.
1000 plants for	\$65.00	\$150.00
500 plants for	40.00	90.00
250 plants for	25.00	60.00
100 plants for	12.50	18.50
50 plants for	7.50	10.00
25 plants for	4.00	4.75
10 plants for	2.00	2.45

Multiflora Japonica Rose Fence

# FLOWER CITY SHRUBS

*Hardy, Top Quality*

## AMERICAN CRANBERRY BUSH

(*Viburnum Americana*.) 10 feet. Here is an ideal background or barrier plant. Very clean foliage with attractive white flowers. Produces clusters of intense red fruit that remain on plant all winter. Useful for jelly. The foliage has an autumnal coloring of red and bronze. 2 to 3 ft., \$1.25 each; 3 for \$3.50.

American Cranberry Bush

Flowering Almond

## FLOWERING ALMOND (Double Pink)

An old-fashioned early flowering shrub, bearing rose colored flowers in May. Price: 2 to 3 ft. plants, \$1.00 each; 3 for \$2.75.

## FLOWERING QUINCE

Brilliant orange-scarlet flowers appear on the twisty branches before the foliage. Very effective in the garden. Price: 18 to 24 in. plants, 85c each; 3 for \$2.40.

Flowering Quince

## KERRIA Globeflower

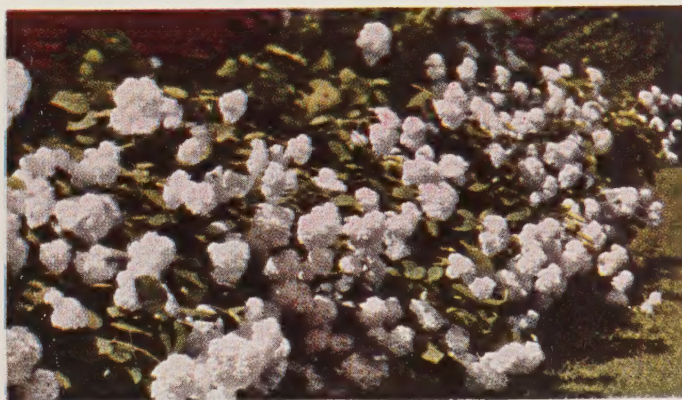

*Japonica*. 4 feet. Bright golden single yellow flowers borne on slender, green barked branches, make this a great favorite of many plant lovers. Will grow in sun or shade. 18 to 24 in., 90c; 3 for \$2.50.

Kerria—Globeflower

Althea—Rose of Sharon

Hydrangea, Hills of Snow

## HYDRANGEA, HILLS OF SNOW

Large, snowball blossoms of white, blooming July and August. Prices: 2 to 3 ft. plants, 85c each; 3 for \$2.40.

## ALTHEA The Rose of Sharon

Fine for lawns and hedges. Available in double pink, red, purple and white. Prices: 2 to 3 ft. plants, 85c each; 3 for \$2.40.

## FORSYTHIA—Golden Bell

*Spectabilis*. Showy border Forsythia; also known as Golden Bell. Prices: 2 to 3 ft. plants, 85c each; 3 for \$2.40.

Forsythia—Golden Bell

**Flower  
City**

**OFFERS THE  
FINEST**

**SHRUBS**

The number following variety denotes ultimate height at maturity.

**Sweet  
Carolina  
Allspice**

(*Colycanthus*)  
Floridus. 5 feet.  
Glossy foliage and  
red-brown flowers  
in spring, follow-  
ed by seed-bear-  
ing husks. Prices:  
18 to 24 in.,  
\$1.00 each; 3 for  
\$2.75.

**DOUBLE  
MOCK  
ORANGE**

Virginal. Large, semi-double, white  
flowers. Prices: 18 to 24 in.  
plants, 85c each; 3 for \$2.40.

**WINGED BURNING BUSH**  
(*Euonymus Alatus*)

6 feet. Distinctive shrub with cork wings on  
branches. Brilliant red fall foliage. 18 to 24 in.,  
\$1.25 each; 3 for \$3.50.

**RED BARBERRY**

Foliage of brilliant red in spring;  
scarlet berries in fall. Plant in sun.  
Price: 15 to 18 in. plants, 75c  
each; 3 for \$2.10.

*All  
Well  
Rooted  
2-Year  
Nursery  
Grown  
Plants*

**Hydrangea P. G.**

Tall and stately shrub. For very large, showy  
flowers from August until frost, has no equal.  
Large, conical white flower heads, turn to beauti-  
ful shades of pink and bronze as the flower ages.  
Blooms are excellent for everlasting winter bou-  
quets. One of the most popular shrubs. Prices:  
18 to 24 in. plants, 85c each; 3 for \$2.40.

**BLUE MIST, CARYOPTERIS**

One of the best low-growing, fall-blooming shrubs. It makes a neat, com-  
pact, rounded bush about 2 feet tall, with narrow, silvery green foliage. From  
August to frost it is covered with many clusters of dainty blue flowers. The  
roots are hardy, but like a Peony bush, you cut off, each spring, the old  
canes and new ones come up. You are sure to like this shrub. 18 to 24 in.,  
\$1.00 each; 3 for \$2.75.

# Ornamental and Flowering Varieties for Flower, Foliage, Fruit and Berries

## DEUTZIA

**Pride of Rochester.** 10 feet. Tall, upright shrub with myriads of pink tinged, white flowers. 2 to 3 ft., 85c each; 3 for \$2.40.

Deutzia, Pride of Rochester

## IMPROVED CORALBERRY

**Chenaulti (Improved Coralberry).** 4 feet. Exceptionally fine foliage. Makes a good filler plant in foundation planting. Flowers are like Indian Currant but fruit is larger and less prolific. 2 to 3 ft., 95c each; 3 for \$2.70.

## KOLKWITZIA (Beauty Bush)

8 feet. A most unusual shrub with twisting leaves that taper to a long point. When in bloom in early summer, the mass of small delicate pink flowers make a never-to-be-forgotten spectacle. A "must" for all gardens. 18 to 24 in., \$1.00 each; 3 for \$2.75.

## BUDDLEIA

(Butterfly Bush)

**Ile de France.** Color lavender; graceful, drooping panicles. Attracts butterflies. Price: 75c each; 3 for \$2.10.

Rhodotypos

## RHODOTYPOS (Jetbead)

6 feet. A good screen plant; it has attractive foliage and single white flowers in early summer. Produces small clusters of shining black hard seeds, which persist all winter. 18 to 24 in., \$1.00 each; 3 for \$2.75.

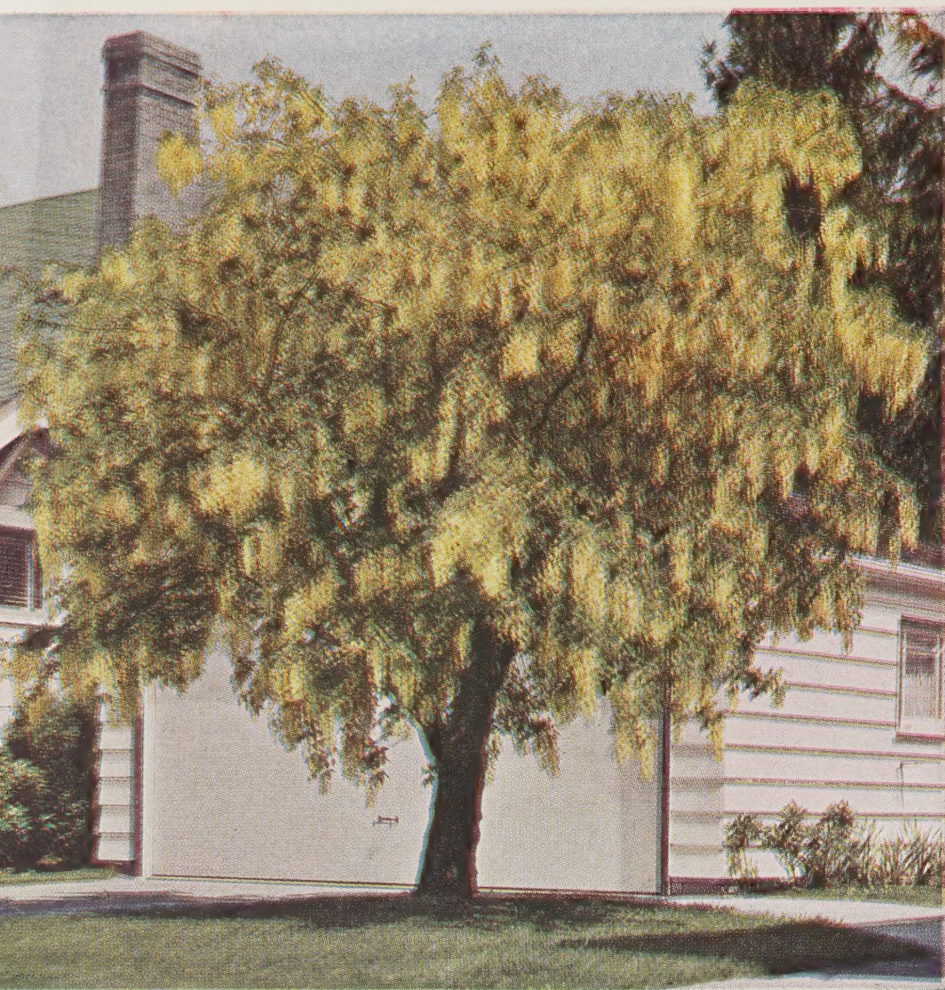

## HONEYSUCKLE ZABELLI

A marvelous new red Honeysuckle; the most shapely bush of any of the type. Glossy deep green foliage enhances the unsurpassed glowing red flowers, marked with deep golden yellow stamens. A heavy bloomer and the brilliant red fruits last throughout the summer, 6 ft. at maturity. Price: 2 to 3 ft., 95c each; 3 for \$2.70.

*All Well  
Rooted 2-Year  
Nursery Grown  
Plants*

## Laburnum - Golden Chain Tree

Long-clustered Golden Chain. Small treelike shrub with green bark and foliage like exaggerated clover leaves. Flowers are pure golden yellow and formed exactly like those of Wisteria. The hanging clusters attain as much as 18 to 20 inches length and are borne very profusely in late spring. Very beautiful. Usually bloom the first year after planting. **Price:** 4 to 5 ft., \$7.50 each.

# Trees

FOR  
YOUR GARDEN

## Top Quality in SHADE and FLOWERING TREES

### NEW PURPLE LEAVED PLUM

A fine lawn tree for lovely foliage color. Leaves are deep bronzy purple all season. Has thousands of fine pink blossoms in spring. 3 to 4 ft., each \$1.75.

### FLOWERING DOGWOOD

20 feet (Spring only.) Upright, ornamental tree with white flowers in spring; red berries and foliage in fall. **White flowering,** 2 to 3 ft., \$2.00 each. **Pink flowering,** 2 to 3 ft., \$4.00 each.

### PAUL'S DOUBLE SCARLET THORN

(*Crataegus oxyacantha pauli*). Bright red, double flowers make splendid showing in spring. Scarlet fruits in fall. Valuable and well known specimen flowering trees to 20 feet, useful in many locations. Spring only. 4 to 5 ft., \$4.50 each.

# Superior Shade and Ornamental Trees

## Straight Trunks; Shapely Tops

### FLOWERING CRABS

**BECHTEL'S.** 20 feet. Well known ornamental tree with large, double, pink flowers. Very attractive. 2 to 3 ft., \$2.25 each.

**ELEYI.** Red foliage in spring. Dark pink single flowers. 3 to 4 ft., \$1.75 each.

**FLORIBUNDA.** Deep pink buds, opening to white flowers. 3 to 4 ft., \$1.75 each.

**HOPA.** Grows 12 feet high. Rose colored flowers; red fruit in fall. 3 to 4 ft., \$1.75 each.

**BIRCH, Canoe.** 30 feet. (Spring only.) A lovely tree with open, graceful branching, and white bark that peels. 6 to 8 ft., \$3.00 each.

**CATALPA, Bungei.** (Umbrella Catalpa.) Broad, low head with enormous leaves. 5- to 6-ft. stem, \$3.00 each.

The number following variety denotes ultimate height at maturity.

### ELMS

**AMERICAN.** 80 feet. A large, tough wooded tree of long life. Well known as a shade or street tree. 6 to 8 ft., \$3.00 each.

**CHINESE.** Probably the fastest growing tree known. Originally imported from Northern Korea. It has become a choice tree for shade. Small, Elmlike leaves, graceful with drooping twigs. 6 to 8 ft. specimen trees, only \$2.50 each.

**CHERRY, Kwanzan.** 30 feet. (Spring only.) One of the best Japanese Flowering Cherries. Double, pink flowers. 4 to 5 ft., \$3.50 each.

**POPLAR, Lombardy.** 80 feet. Tall, narrow tree, fast growing, used extensively for accent plants or tall screens. 6 to 8 ft., \$1.25 each.

Norway Maple

### MAPLES

**NORWAY MAPLE.** Through the ages this has been one of the most popular and finest shade trees. It is not only effective in the garden but is a "must" for street planting. Grows 50 feet or more. 6 to 8 ft., \$4.00 each.

**SILVER.** 75 feet. Fast growing shade tree that will withstand sleet and wind storms only moderately well. 6 to 8 ft., \$2.50 each.

**SCHWEDLER.** Red foliage in spring turning to bronze-green in fall. 6 to 8 ft., \$5.00 each.

**MOUNTAIN ASH, European.** 30 feet. Ornamental tree with symmetrical top, fernlike foliage and orange-red berries. 6 to 8 ft., \$4.00 each.

**PLUM, Double Flowered** (*Prunus triloba*). 4 feet. Rose Tree of China. Small, treelike shrub covered with double, pink flowers in early spring. Better than Flowering Almond. 2 to 3 ft., \$1.75 each.

**REDBUD, American** (*Cercis canadensis*). 30 feet. (Spring only.) Branches covered with small, pealike, purplish pink blossoms before the foliage appears in early spring. 3 to 4 ft., \$1.75 each.

**WILLOW, Wisconsin Weeping.** 50 feet. Large, graceful tree with weeping habit of growth. 6 to 8 ft., \$2.25 each.

## HEDGING — *Be Neighborly Fence the Friendly Way*

**GREEN-LEAVED BARBERRY.** 4 feet. A popular variety, the foliage turns a bright orange-scarlet in the fall. Large masses of fire-red berries last into winter. Price: 2-yr. heavy plants, 15 to 18 in., 45c each; 10 for \$4.00; 100 for \$30.00.

### PRIVET for Either Severe or Informal Effects

**AMUR PRIVET.** While this plant will make a large shrub, it is usually grown in hedge form. The plant in general is very similar to the extensively used California Privet, but has the added advantage of being thoroughly hardy.

**CALIFORNIA PRIVET.** Vigorous plant, mostly used for hedges. Holds leaves until well into fall. In especially severe winters, this variety will freeze to the ground, throwing up new growth from the base of the plant. Can be trimmed to any height up to 12 feet.

PRICES: 18 to 24 in. plants, 10 for \$2.50; 25 for \$5.00; 100 for \$18.00.

75c each; 3 for \$2.00.

Pygmy Gold

# Evergreens

Evergreens are often called the aristocrats of the foundation planting. They carry the foliage through the winter and add that "bit of green" when other plants are dormant.

American  
Upright  
Arbor-  
Vitae

## 2 Inexpensive Evergreens

### ARBOR-VITAE

**AMERICAN.** 30 feet. (*Thuja occidentalis*). Popular with home owners everywhere. Well known columnar tree. Our trees are sheared in the nursery row each summer.

Each

12 in. to 18 in. .... \$1.75

18 in. to 24 in. .... 2.75

**GLOBE.** 5 feet. (*T. occidentalis globosa*). Dwarf plant. Compact, natural globular form. Use in foundation planting, or where accent plant of this type is desired.

Each

12 in. to 15 in. .... \$3.00

Globe Arbor-Vitae

### The Compact BLACK HILLS SPRUCE

Green With Blue Tint

**BLACK HILLS** (*P. glauca densata*). 60 ft. Compact, slow grower. Its foliage varies from green to bluish tint.

The New Everbearer  
INDIAN SUMMER

New Cultivated Blueberries

## New Streamliner Strawberry

Tried, Tested  
and Found  
Most Satisfactory

New Chinese Chestnut

Caco

Portland

Concord

# Blueberries

This is a berry which has created a lot of favorable attention these past few years. An unusually large bearer, the berries often range in size from  $\frac{1}{2}$  to  $\frac{3}{4}$  inch.

Easy to grow—use peat moss liberally and mulch heavily with rotted leaves or sawdust. Plant two or more varieties to insure pollination.

CONCORD—RUBEL—RANCOCAS—JERSEY

Early      Late      Midseason      Late

Price: 18 to 24 in. plants, \$1.85 each; 5 for \$7.95; 10 for \$13.50.

Recommended for decorative purposes in the garden. Planted with other shrubs it serves a two-fold purpose—of supplying you luscious berries as well as furnishing beauty in the shrubby border.

# RASPBERRIES

## FOR HOME AND COMMERCIAL USE 3 BEST VARIETIES

**LATHAM RED.** This great berry holds unchallenged first place as the leading commercial and home variety of Red Raspberry. It is hardy everywhere, bushes are sturdy, upright and vigorous, particularly resistant to diseases of all kinds. The fruit is very large, dark red, and firm. Latham is an excellent shipper, heavy yielder, easy picker. It has the qualities that make it the leading Red Raspberry of the day. Prices: \$2.25 per 10; \$12.35 per 100.

**INDIAN SUMMER RED—Everbearer.** We recommend this variety as probably the best everbearing Red Raspberry being grown. It fruits both a June and a fall crop. It is hardy, disease resistant and produces a crop of high quality fruit. For the home grower this should be very much worth while. Price: 2-yr., \$2.25 per 10; \$12.35 per 100.

**CUMBERLAND BLACK RASPBERRY.** Very high quality and our hardiest Black Raspberry. Plant in a sheltered location or mulch over winter. Price: Heavy plants, \$2.50 per 10; \$20.00 per 100.

*Fruits for the Home Gardener*

# Finest Strawberries From Your Own Plants

## STREAMLINER

### The Greatest Everbearing Strawberry

**SWEET AS HONEY—EXTRA LARGE  
EXCELLENT FOR EATING FRESH OR FREEZING  
MAKES HEAVY FRUITING BED**

The only everbearer with all the good points. It is large, uniform, firm, red to the core with even color all over and no green tips.

Special Price: 25 plants \$2.25; 100 plants \$6.00, postpaid.

## Spring Planting Only

Prices of all Strawberries except Streamliner:  
25 plants \$1.25; 100 plants \$3.25, postpaid.

**FAIRFAX.** Another excellent new variety, ripens early and free plant maker.

**PREMIER.** The most popular Strawberry ever introduced. The plants are sturdy with long roots making them drouth resistant.

**DORSETT.** An early, self pollenizing offspring of Premier. Does well on poor soil. Berries bright red, and sell readily on the market.

# Grape Vines

For Sure Crops of Better Quality Fruit

Require little care; bear prolifically every year. Excellent for juice, jelly and jam.

**CONCORD.** Best and most popular blue-black variety.

**CACO.** A fine red variety; extremely rich flavor. Ripens early.

**PORTLAND.** A relatively new white variety that is gaining in popularity everywhere.

PRICE: 2-Yr., No. 1 Vines, 55c each; 3 for \$1.50; 10 for \$4.00.

# ASPARAGUS

Grow Your Own

**Paradise—Big Yield Strain**

An outstanding new variety that produces huge stalks, green in color, rich in flavor and exceedingly tender.

Price: 2-yr., No. 1, heavy, \$1.85 for 25; \$4.95 per 100.

# BLACKBERRIES

Two of the most popular varieties of this delicious fruit.

**BLOWERS.** Honey-sweet flavor; jet-black, grows large berries.

**ELDORADO.** Heavy producer and very profitable.

Strong plants, 10 for \$1.60; 100 for \$9.95.

# RHUBARB

For Sauces and Pies

**MacDONALD.** A relatively new high quality Rhubarb. Takes less sugar because of its mildly acid quality. A heavy yielder of giant stalks. Price: 60c each; 3 for \$1.65.

# Now-

## Fine Chestnuts

*Disease Resistant  
Chinese Chestnuts*

**Now Supplants the Extinct  
American Chestnuts**

**A Favored Ornamental Tree  
Splendid for the Lawn**

Properly planted and cared for they will grow fast. And within a very few years will produce sweet Chestnuts like the American Chestnuts of years ago. Plant two trees to insure pollination. Price: 2 to 3 ft. trees, \$2.50 each; 2 for \$4.50.

# BETTER RESULTS Right From the Start with Flower City First Quality APPLE TREES

## BECAUSE THEY ARE

- Absolutely true to name.
- Healthy—vigorous.
- Disease free.
- Hardy—budded fruit trees.
- Properly hardened off before digging.
- Come into bearing earlier.
- Yield bigger crops of better fruits.
- Have larger roots.
- Take hold quickly in new location.
- The best trees for less money.
- Propagated from bearing trees of selected strains.

## CORTLAND

"The most promising of the tree fruits that have originated at this station," says the New York State Experiment Station. Resembles the popular McIntosh, but fruits are larger, brighter in color, of richer flavor, and the flesh is firmer, more juicy and keeps better. Largely used as an excellent pollinizer for McIntosh and other varieties.

## McINTOSH RED

A very attractive red Apple of the highest quality. Hardy, bears young and annually. A leading, profitable commercial sort for New York and New England. Productive. October to January.

## SOLID-RED DELICIOUS

The leader of all red Apples. A selected sport of this famous variety. An excellent Apple for either home use or market. Same characteristics as its parent, except for its double-red color three weeks earlier.

## RED NORTHERN SPY

Flesh juicy, rich, crisp, aromatic, a good flavor. A selected sport of this popular northern Apple.

## YELLOW DELICIOUS

This alluring Apple with the strong appetite appeal never fails to capture the elusive dime on the fruit stands. It is a national favorite, commanding highest prices on the market. A bright golden yellow, firm, crisp, juicy Apple. Tree bears when young, and yields heavily.

Include Cortland or Delicious with other varieties to insure pollination.

PRICES: 2-yr., 5 to 6 ft., \$1.75 each; 5 for \$7.50; 10 for \$14.50.

# Plums

All well branched, healthy, vigorous, two-year stock.

## 3 GOOD VARIETIES

### BRADSHAW

Fruit large, dark violet; flesh yellowish green, juicy and pleasant tasting; tree vigorous, erect and very productive. August.

### BURBANK

Of Japanese origin, fruit large and fine, amber, turning to a rich bright red; flesh juicy, tender, sweet; very productive, ripens early in August.

### FELLENBERG PRUNE

See picture page 19. (Italian.) Large, purple, juicy, freestone. One of the best market sorts.

Price: 2-year, 5 to 6 ft. trees, each \$2.00; 10 for \$17.00.

# Peaches

## 2 SELF-FRUITFUL APPROVED VARIETIES THE GREAT ELBERTA

No other Peach has ever attained the universal success and fame that Elberta boasts. Genuine Elberta Peaches are roundish oval, with golden yellow skin blushed with deep red. Ripen midseason to late. The leading canning, shipping, drying, storage Peach because of the firm flesh and good flavor. Freestone and self-pollinating. Elberta trees are strong growers and big producers.

### GOLDEN JUBILEE

A Proven Money-Maker. A development of the New Jersey Experiment Station first offered during the fall shipping season of 1930 and stands without an equal as an early, yellow, freestone Peach of exceptional quality. The tree is unusually hardy. The buds resist low winter temperatures better than Elberta. Blossoms are self-sterile. See page 19 for illustration in color.

PRICES: 1-yr., 4 to 5 ft., \$1.35 each; 10 for \$11.00.

# Cherries

## 3 BEST VARIETIES

### MONTMORENCY

The best canning sour variety. Self fruitful. Price: 2-yr., 4 to 5 ft., \$2.25 each; 10 for \$18.50.

### BLACK TARTARIAN

The best sweet eating variety. Price: 1-yr., 4 to 5 ft., \$2.15 each; 10 for \$17.50.

### NAPOLEON

The best white sweet Cherry. Price: 1-yr., 4 to 5 ft., \$2.15 each; 10 for \$17.50.

Plant one of each of these two sweet sorts for proper pollination.

# IT PAYS TO BUY FROM FLOWER CITY

## Best Standard Garden Fruits

### Full Size Apples on Dwarf Trees

*Recommended for Small Gardens with Limited Space*

**Early Bearing—Large Fruiting**

Unequalled in the small family garden where there is not room for the larger, standard sized tree. These trees may be planted 12 feet apart and will grow to a mature height of 7 to 8 feet. They come into bearing a couple of years earlier and are just about as long lived as standard Apple trees. The fruit is identical except that it is a little larger and will ripen a few days earlier. Besides their fruit producing value, these trees are picturesque in the spring with their quantity of bloom at the eye line where it is most obvious. Many orchardists throughout the country are planting Dwarf Fruit Trees because of ease of picking and earliness of coming into bearing. We offer 3 to 4 ft. trees, in the following varieties, which are described below:

**CORTLAND.** Red. Midseason.

**McINTOSH.** Red. Early midseason.

**NORTHERN SPY.** Red. Late.

**PRICES:** 2-yr., 3 to 4 ft. trees, \$3.50 each; 3 for \$9.50.

### 2 Fine Varieties in Dwarf Pears

**BARTLETT, DUCHESSE D'ANGOULEME**

2-yr., 3 to 4 ft. size, \$3.50 each; 3 for \$9.50.
